

Mercy's Grateful Hearts Program provides patients and their families with an opportunity to show gratitude to the physician, nurse or caregiver who played a special role in their care.

When a gift is made, the caregiver will be acknowledged with a certificate and a special Grateful Heart lapel pin to wear proudly.

Funds raised through Grateful Hearts help purchase special amenities for patients and their families.

For more information about the Grateful Hearts program or to recognize a caregiver, please visit us at [www.supportfriendsofmercy.org](http://www.supportfriendsofmercy.org) or on our Facebook page to see more photos of recipients.
